The Fry Word List Level was created by Edward Fry in 1957. Fry was a professor of education at Rutgers University. He created the list by analyzing the words in a 20,000-word sample of children's literature.

The Fry Word List Level is a valuable tool for teachers and parents. It can help students learn to read and write more quickly and effectively. The list can also be used to assess students' reading and writing progress.

How to Use the Fry Word List Level

The Fry Word List Level can be used in a variety of ways. Here are a few suggestions:

- Use the list to help students learn to read. Students can start by learning the words in the first level. As they become more proficient, they can move on to the next level.
- Use the list to help students learn to write. Students can use the words in the list to practice writing sentences and stories.
- Use the list to assess students' reading and writing progress. Teachers can give students a list of words from the Fry Word List Level to read or write. The students' scores on the test can be used to track their progress.
